01	Chemical Product and Company IdentificationProduct Name Product Use Product Code For Medical Emergency Supplier's Information		Nine Freezer Cleaner 3519 Call 'Chemtrec' 1-800-424-9300 Santec Inc. 1420 East Linden Avenue, Linden NJ 07036				
02	Hazards Identification	 GHS Classification: 1. Eyes - Category 2A Signal Word: Warning Hazard Statement: May cause skin irritation. Precautionary Statements: Wear protective gloves and eye protection. Wash thoroughly after handling. Acute Effects Eyes: Eye irritant. May cause redness or swelling. Skin: No known effects. Inhalation: No known acute effects resulting from inhalation. Ingestion: May be irritating to the mouth, throat and gastrointestinal system. Symptoms may include nausea, vomiting, diarrhea and cramps. Chronic Effects Carcinogenicity: No known critical effects or critical hazards. Product /Ingredient Name: Not available. 					
03	Composition/ Information on Ingredients	Name of Hazardous Ingredier Glycerine 2-Aminoethanol Dipropylene Glycol Methyl Ether	nts CAS No. 56-81-5 141-43-5 34590-94-8	WT.% 30-40 1-5 1-5			
04	First Aid Measures	 Eye Contact: Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention if symptoms persist. Skin Contact: Rinse with water for a few minutes. If symptoms persist seek medical attention. Inhalation: No special measures required. Seek medical attention if symptoms occur. Ingestion: Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately. 					
05	Fire Fighting Measures	 Suitable Fire Extinguishing Media: Use water spray, fog or foam Specific Hazards Arising from the Chemical: In a fire or if heated, a pressure increase will occur and the container may burst. Hazardous Thermal Decomposition Products: No Specific Data Specific Fire-Fighting Methods: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Specific Protective Equipment for Fire-Fighters: Fire-Fighters should wear appropriate protective equipment and self contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. 					
06	Accidental Release Measures	Spill Clean Up: Put on appropr Move Containers from spill area. D and place in an appropriate waste	ilute with water and mop up if	water-soluble or absorb with	n an inert dry material		

08 E	Handling and Storage Exposure Controls/ Personal Protection	clothing. Do not breathe vapor or mist. I made from a compatible material, kept t after handling. Storage: Store between the following local regulations. Store in original conta away from incompatible materials (see s tightly closed and sealed until ready for kept upright to prevent leakage. Do not environmental contamination. Ingredient Name Exercise Glycerine Other contamination 2-Aminoethanol Additional contamination	Page: 2 of al protective equipment (see Section 8). Do not get in eyes or on skin or Do not ingest. Keep in the original container or an approved alternative tightly closed when not in use. Do not reuse container. Wash thoroughly temperatures: 4.44 to 48.9°C (40 to 120°F). Store in accordance with ainer protected from direct sunlight in a dry, cool and well-ventilated area, section 10) and food and drink. Separate from acids. Keep container ruse. Containers that have been opened must be carefully resealed and store in unlabeled containers. Use appropriate containment to avoid xposure Limits SHA PEL 5 mg/m ³ CGIH STEL 7.5 mg/m ³ SHA PEL 100 ppm			
08 E	Storage Exposure Controls/ Personal	clothing. Do not breathe vapor or mist. I made from a compatible material, kept t after handling. Storage: Store between the following local regulations. Store in original conta away from incompatible materials (see stightly closed and sealed until ready for kept upright to prevent leakage. Do not environmental contamination. Ingredient Name Example Glycerine O2 2-Aminoethanol AQ Dipropylene Glycol Methyl Ether O3	Do not ingest. Keep in the original container or an approved alternative tightly closed when not in use. Do not reuse container. Wash thoroughly temperatures: 4.44 to 48.9°C (40 to 120°F). Store in accordance with ainer protected from direct sunlight in a dry, cool and well-ventilated area, section 10) and food and drink. Separate from acids. Keep container use. Containers that have been opened must be carefully resealed and store in unlabeled containers. Use appropriate containment to avoid StAPEL 5 mg/m ³ CGIH STEL 7.5 mg/m ³

16	Other Information	To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy of completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist. Date of Issue: 05/30/2018					

*NOTE: Hazard Determination System (HDS) ratings are based on a 0-4 rating scale, with 0 representing minimum hazards or risks, and 4 representing significant hazards or risks. Although these ratings are not required on SDSs under 29 CFR 1910.1200, the preparer may choose to provide them. HDS ratings are to be used with a fully implemented program to relay the meanings of this scale.
