

rapid™

alkalinity builder + break

linden series combines high-performance with formulations that preserve the soft feel and fresh scent to all fabrics. High tech solutions to common spot and stain problems allow you to get the most use possible from your linens and fabrics.

rapid is a highly concentrated alkaline break that boosts the cleaning efficacy of laundry detergents - especially on heavy soiled textiles and very oily stains.

FEATURES

- Excellent laundry booster compatible with all commercial laundry detergents.
- High level of alkalinity enhances and accelerates the cleaning process especially of heavily soiled textiles by opening up the fabric fibers and begins releasing trapped soil particles.
- High level of alkalinity causes saponification of oils, fats and greases in oily stains thereby solubilizing them into the wash liquor.
- Product contains no phosphates.

OPTIMAL APPLICATIONS

Commercial laundries, hotels, motels, health care facilities, nursing homes, restaurants, food plants and meat plants.

PRODUCT SPECIFICATIONS

Physical Description	Clear liquid
Color	Water White
pH (1%)	13.0
Viscosity	Water thin
Flashpoint	None
Weight per Gallon	11.65 lb./gal.
Storage Stability	1 year minimum
D.O.T. Shipping label	Corrosive Liquid
