santex[™]
powdered laundry destainer

linden series | clean, soft, fresh textile care

santex is a white, free-flowing, powdered laundry bleach composed of alkaline builders and an organic chlorine-releasing compound which is activated immediately on contact with water. Its rapid solubility and activity make it possible to add Santex directly to the wash wheel, thereby eliminating premixing. For use in any washing formulation in which a chlorine bleach can be used.

directions for use

For normal soil loads use 1 ounce of Santex per 20 lb. load, added to the wash cycle. For maximum bleaching and minimum fabric damage, maintain the temperature between 150°F and 160°F. Rinse thoroughly.

DANGER

HAZARD STATEMENTS

Harmful if swallowed.
Causes severe eye irritation.
May cause respiratory tract irritation. Very toxic to aquatic life.

PRECAUTIONARY STATEMENTS

Avoid release to environment -
Wear protective gloves, splash goggles, face shield, full suit, respirator and boots.
Do not breathe dust. Wash thoroughly after handling.

FIRST AID

Eye Contact: Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention immediately. Skin Contact: Wash skin with copious amount of water. Seek medical attention immediately. Inhalation: Move victims to fresh air. Flush mouth and nasal passage with water repeatedly. Seek medical attention immediately. Ingestion: Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

STORAGE

Store in original container protected from sunlight, in a well ventilated area, away from incompatible materials, and food and drink. Keep out of reach of children.

SPILL /LEAK

Avoid runoff into storm sewers and ditches which leads to waterways. Vacuum or sweep up material and place in a designated, labeled container.

DISPOSAL

Dispose of material in accordance with local, state and federal regulations.

HAZARDOUS INGREDIENTS

Sodium Dichloroisocyanurate, Dihydrate (51580-86-0)
